Equal Groups Multiplication - ANSWER KEY

Grade 3 | Writing multiplication sentences for pictures of equal groups | Version 7 of 10

Look at the equal groups. Write how many groups, how many dots are in each group, and how many dots in all. Then write the multiplication sentence.

1.

4 groups of 6 = 24

4 × 6 = 24

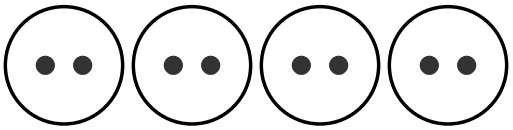

2.

5 groups of 5 = 25

5 × 5 = 25

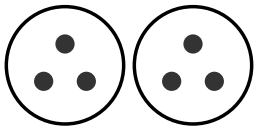

3.

4 groups of 2 = 8

4 × 2 = 8

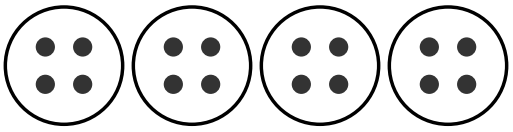

4.

2 groups of 3 = 6

2 × 3 = 6

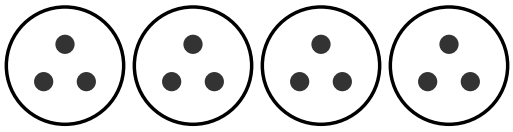

5.

4 groups of 4 = 16

4 × 4 = 16

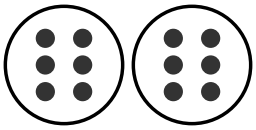

6.
