Equal Sharing Division - ANSWER KEY

Grade 3 | Sharing a group of objects equally to understand division | Version 1 of 10

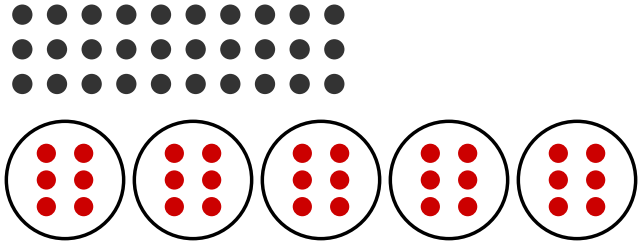

Share the dots equally among the circles. Draw the same number of dots in each circle (you can cross off each dot as you share it). Then finish the division sentence.

1. Share 10 dots equally among 2 circles.

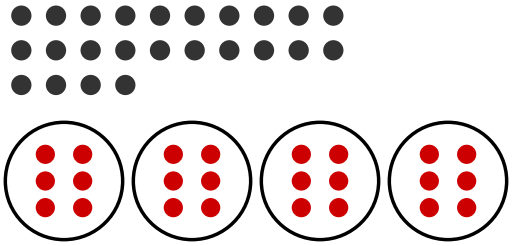

10 ÷ 2 = **5**

2. Share 30 dots equally among 5 circles.

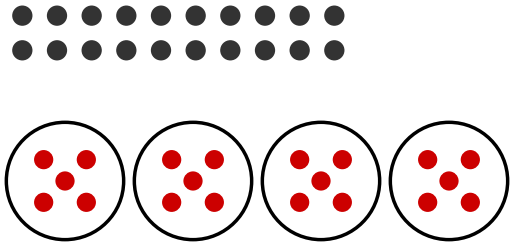

30 ÷ 5 = **6**

3. Share 24 dots equally among 4 circles.

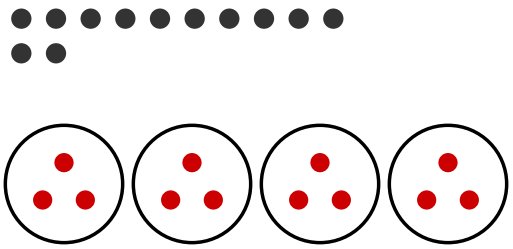

24 ÷ 4 = **6**

4. Share 20 dots equally among 4 circles.

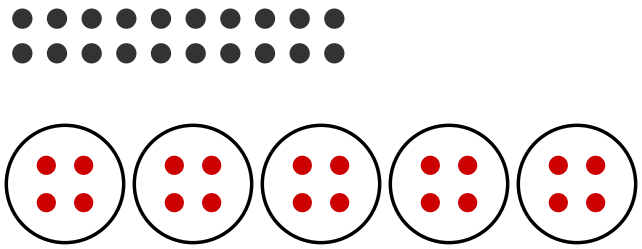

20 ÷ 4 = **5**

5. Share 12 dots equally among 4 circles.

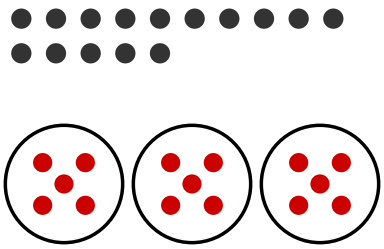

12 ÷ 4 = **3**

6. Share 20 dots equally among 5 circles.

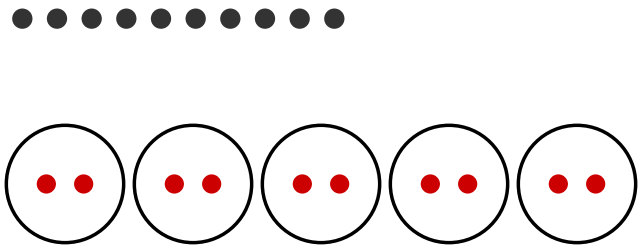

20 ÷ 5 = **4**

7. Share 15 dots equally among 3 circles.

15 ÷ 3 = **5**

8. Share 10 dots equally among 5 circles.

10 ÷ 5 = **2**
